Profile

I am Lijith, a 19-year-old B.Tech  Computer Science and Engineering student currently in my 3rd year at Hindustan Institute of Science and Technology. Passionate about technology and innovation, I am eager to apply my knowledge in real-world projects and gain hands-on experience in the tech industry. With a strong foundation in programming, problem-solving, and teamwork, I continuously strive to learn new skills and keep up with emerging trends in computer science. I am enthusiastic about contributing to challenging environments that promote growth, creativity, and impactful solutions.

Education
